FOR CAPTAINS HIRING CREW

CrewCheck

Decide before you sign.

An expert, evidence-led read of any candidate's CV, returned within 48 hours, that turns a pile of applications into a clear decision: shortlist, verify further, or pass. Confidential, and never shared with the candidate.

PRICE	DELIVERY	PACKS	REPORT
from €25	48 hours	5 or 10	Confidential
per candidate	for every CV	€20 per CV, save 20%	never shared

HOW IT WORKS

01 · YOU SEND

The candidate's CV, by email. With a pack, send each CV as it lands, across the season.

02 · WE WORK

Every CV is read against the same framework, so two candidates are always judged by the same standard.

03 · YOU RECEIVE

Within 48 hours, a confidential report with a clear verdict.

WHY IT MATTERS

Every attractive opening draws a stack of applications, and captains screen between watches. CVs are inflated, certificates are listed without dates and timelines are vague. CrewCheck gives you a second, expert read before a name goes on the shortlist.

WHAT YOU RECEIVE

Credentials and certificates	Presence, dating and coherence of STCW, CoC/MCA, ENG1 and vessel-specific tickets.
Sea experience	Vessel types and sizes, roles and itineraries, read with an industry eye.
Career consistency	Timeline continuity, gaps between contracts and job-hop patterns.
Red flags	Inflated titles, undated or missing documents, timeline holes.
The verdict	Shortlist, verify further, or pass.

OUR RULES

- The report stays with you: never shared with the candidate.
- Screening is document-based: no interview.
- Reference and background checks are not included.
- A full CV rewrite is the candidate's own CV Audit.

BEFORE YOU BOOK

How does a pack work?

Buy the pack once, then send each CV whenever one lands across the season: one report per CV, each within 48 hours.

Will the candidate know?

No. The report is confidential and is never shared with the candidate.
