FOR CREW NEW TO YACHTING

THE ROUTE

Right tickets, right order.

Which certificates do you actually need, in what order, by when, and what will each one cost? THE ROUTE answers that question from your own CV and department, so you stop spending on the wrong course at the wrong moment.

HOW IT WORKS

01 · YOU SEND

Your CV, with a few lines on your department and your goal.

02 · WE WORK

We measure your profile against current requirements from maritime authorities and industry bodies: what transfers, what is missing, the right order and the cost of each step.

03 · YOU RECEIVE

Within 48 hours, your roadmap in seven parts, written plainly, to act on straight away.

WHY IT MATTERS

Junior crew rarely fail for lack of effort. They lose time and money taking the wrong course at the wrong moment: a certificate that is not needed yet, or one taken out of order so that it expires before it can be used.

> *"THE ROUTE gave me a much clearer understanding of the transition from merchant navy to yachting. Making the most of my existing CoC, rather than starting from scratch, was particularly valuable."*

WHAT YOU RECEIVE

Position and Gaps	Where you stand today, read from your CV, and the distance to your goal: what counts, what is missing, what must be confirmed.
The Trap	The one mistake crew in your department discover too late.
The Sequence and The Cost	The precise order of steps, with timing, and an indicative cost for each one.
The Directive	Your actions for the next 90 days.
Don't burn it	A candid note on protecting the money your first seasons bring. Financial hygiene only, never investment advice.

OUR RULES

- Where a requirement cannot be confirmed from what you sent, it is marked "to be verified", never guessed.
- Costs are indicative: you confirm them when you book with your school.
- You book your courses directly with your school.
- A roadmap, not a placement guarantee.

BEFORE YOU BOOK

Is it a course catalogue?

No. It is your own plan, built from your CV and goal, and independent from any training school.

And once I have my first contract?

When you have a yachting CV to sharpen, the CV Audit (€75) is the next step.
