

GETTING HIRED · FREE TEMPLATE

The yacht CV template *built the way captains read.*

Six rules, and a one-page model to copy: target role, dated certificates, sea time in a table.

BEFORE YOU FILL IT IN

Six rules of a *yacht-ready CV.*

A captain reads dozens of CVs for one position. These six rules decide whether yours is read to the end.

1 One page

One page for most roles, two at most for senior officers, engineers and captains.

2 A clear target role at the top

The position you want and the size of yacht, in the first lines. A captain should not have to guess.

3 Certificates with their dates

Every certificate with its issue date and, where it applies, its expiry date. Undated certificates raise doubts.

4 Sea time in a table

Vessel, length, type, your role, dates and cruising area, most recent first, with your total sea service.

5 A professional photo and the details yachts expect

Nationality and visas, smoker or non-smoker, visible tattoos, driving licence. Yachts ask, so answer up front.

6 The same facts as your LinkedIn profile

Titles, vessels and dates must match, date for date. Recruiters compare.

How to use the model on the next page: replace every grey placeholder, delete the lines that don't apply to you, and save it as a PDF named FirstName-LastName-Role-CV.pdf.
